Ms. Margaret Hayes-Principal

Good Day Parents,
Aspire Testing starts on Monday April 3 and ends on Thursday April 6. Friday April 7th is make up test day for absent students.

Here are some important things to remember before testing begins.

- Everyone should get a good night's sleep the night before each test.
- Everyone should eat a good breakfast each morning.
- Please send at least 2 #2 pencils with your child every day of testing.
- No one should be stressed about the test. It is only a snapshot of their academic history. They should however try and do their best on the test and take it seriously.
- We will be providing a water bottle and a mint each day while they test.
- Everyone needs to be present and on time for the testing
- **Everyone needs to be present and on time for the testing**
- **Once more with feeling-Everyone needs to be present and on time for the testing.**

If your child is late the day of testing and it has already begun they will not be able to enter their classroom so they will have to sit quietly in the office with nothing to do for the 65 minutes of the test. They will have to make up whatever test they miss and it will be during one of their specials. Please make every effort to make sure your child is here and on time so they don't have to be stressed and take the test at a different time and not in their regular, usual setting. Do whatever you have to do to get them here on time. Set your alarm earlier, set two alarms, leave earlier, whatever it takes.

Thank you for your help with this important matter.

Ms. Hayes
